attractive

# GERMANY'S SAARLAND

## HEARTBEAT OF EUROPE

Saarland is one of the 16 Federal States of Germany. Its one million inhabitants are spread over an area of 2,600 m<sup>2</sup>.

Its geographical location bordering Luxembourg and France makes it the heartbeat of Europe.

YOUR  
**BUSINESS  
LOCATION**  
OF TOMORROW

# THE CENTER

## OF THE EUROPEAN ECONOMIC AREA

Saarland has much to offer and is the perfect location for businesses, not the least because of its central position in the stable economic area of the EU.

# THE CENTER

## OF THE EUROPEAN ECONOMIC AREA

By road, rail and air – Saarland is well-connected to the metropolises of Europe.

Fast connections make it very easy for you to reach your business meetings.

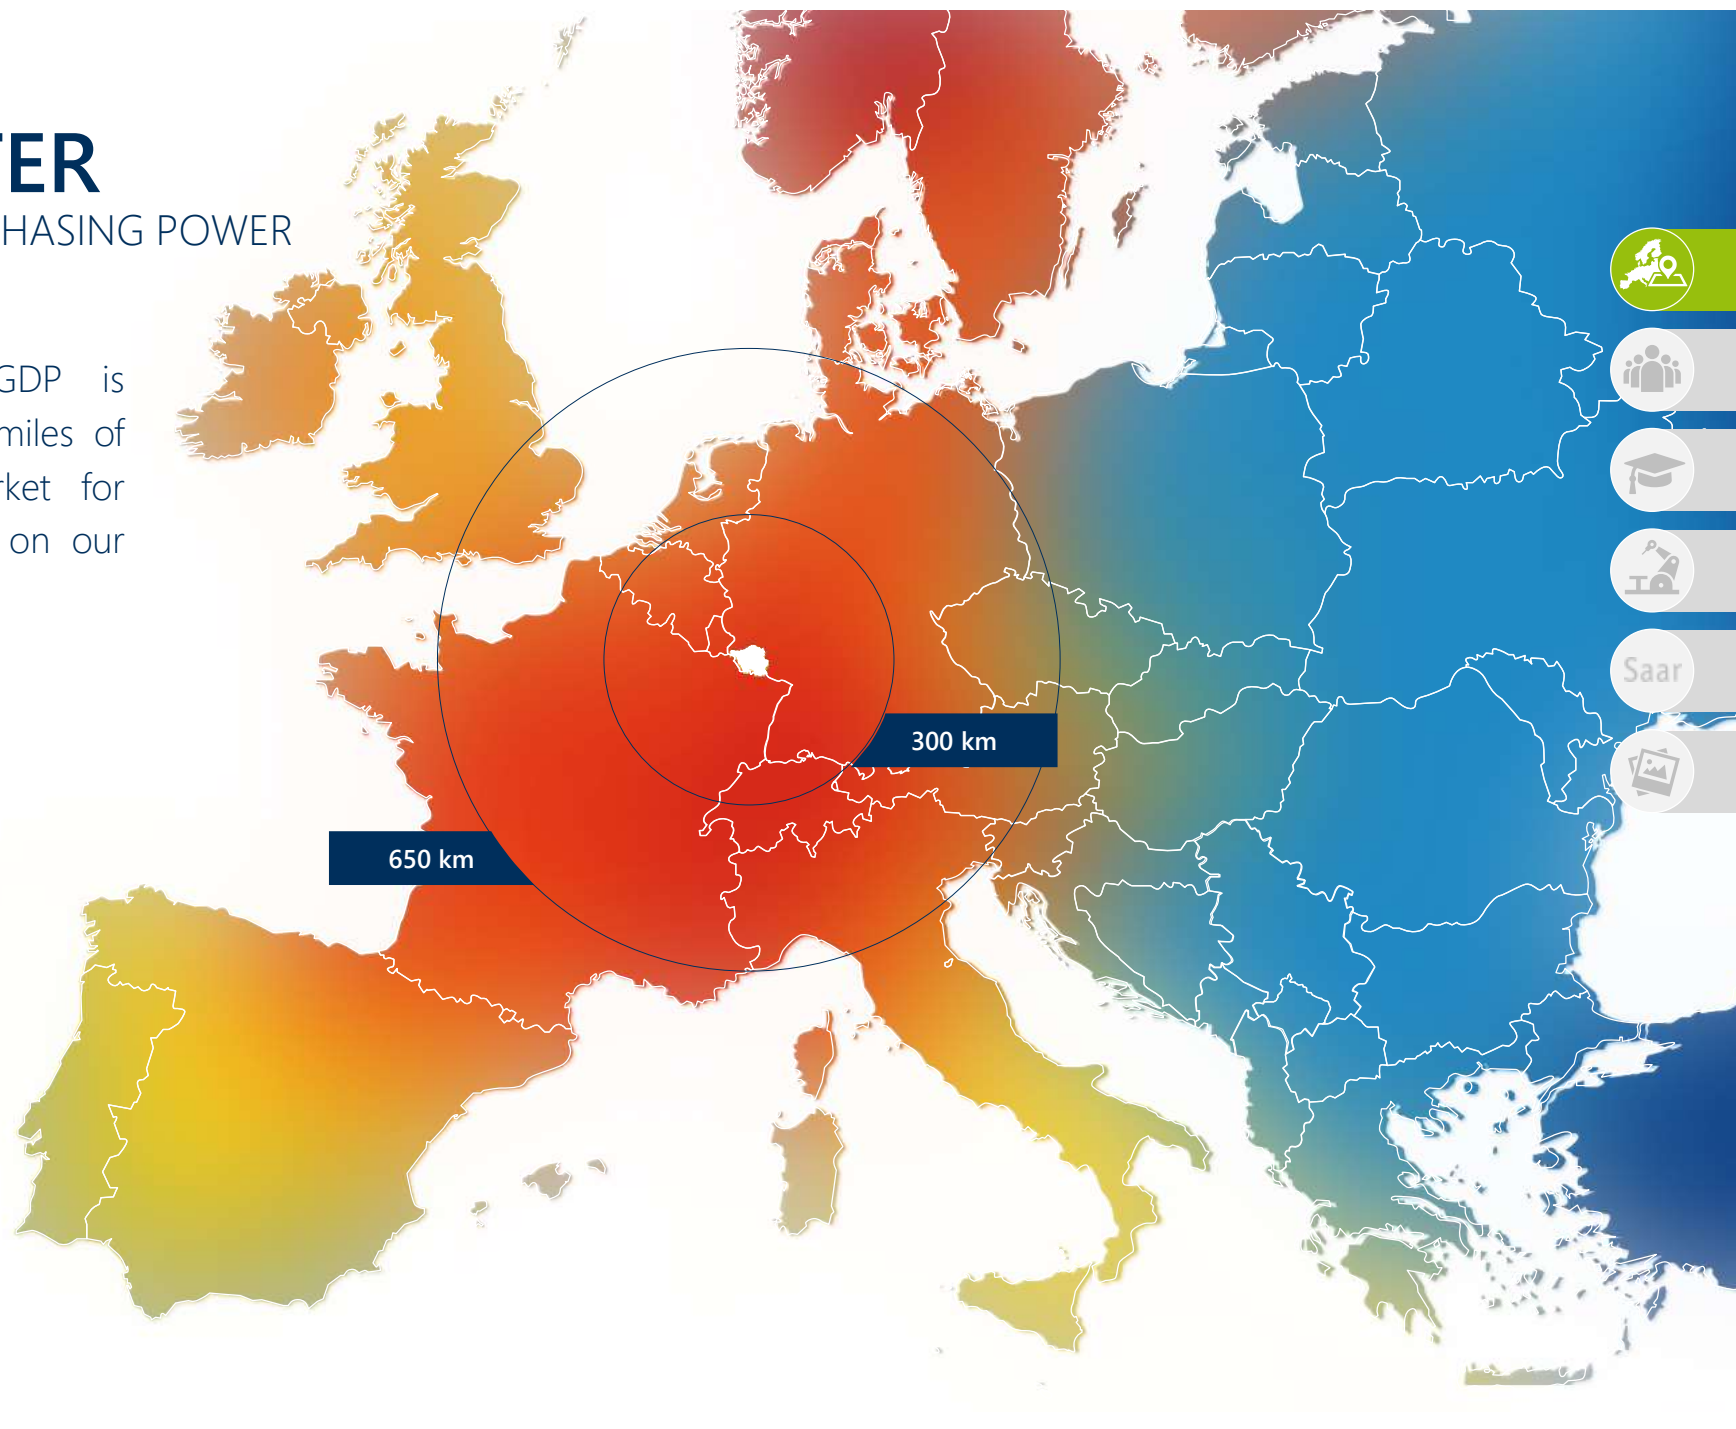

# THE CENTER

## OF EUROPEAN PURCHASING POWER

40% of the EU's GDP is generated within 400 miles of Saarland, so the market for your products is right on our doorstep.

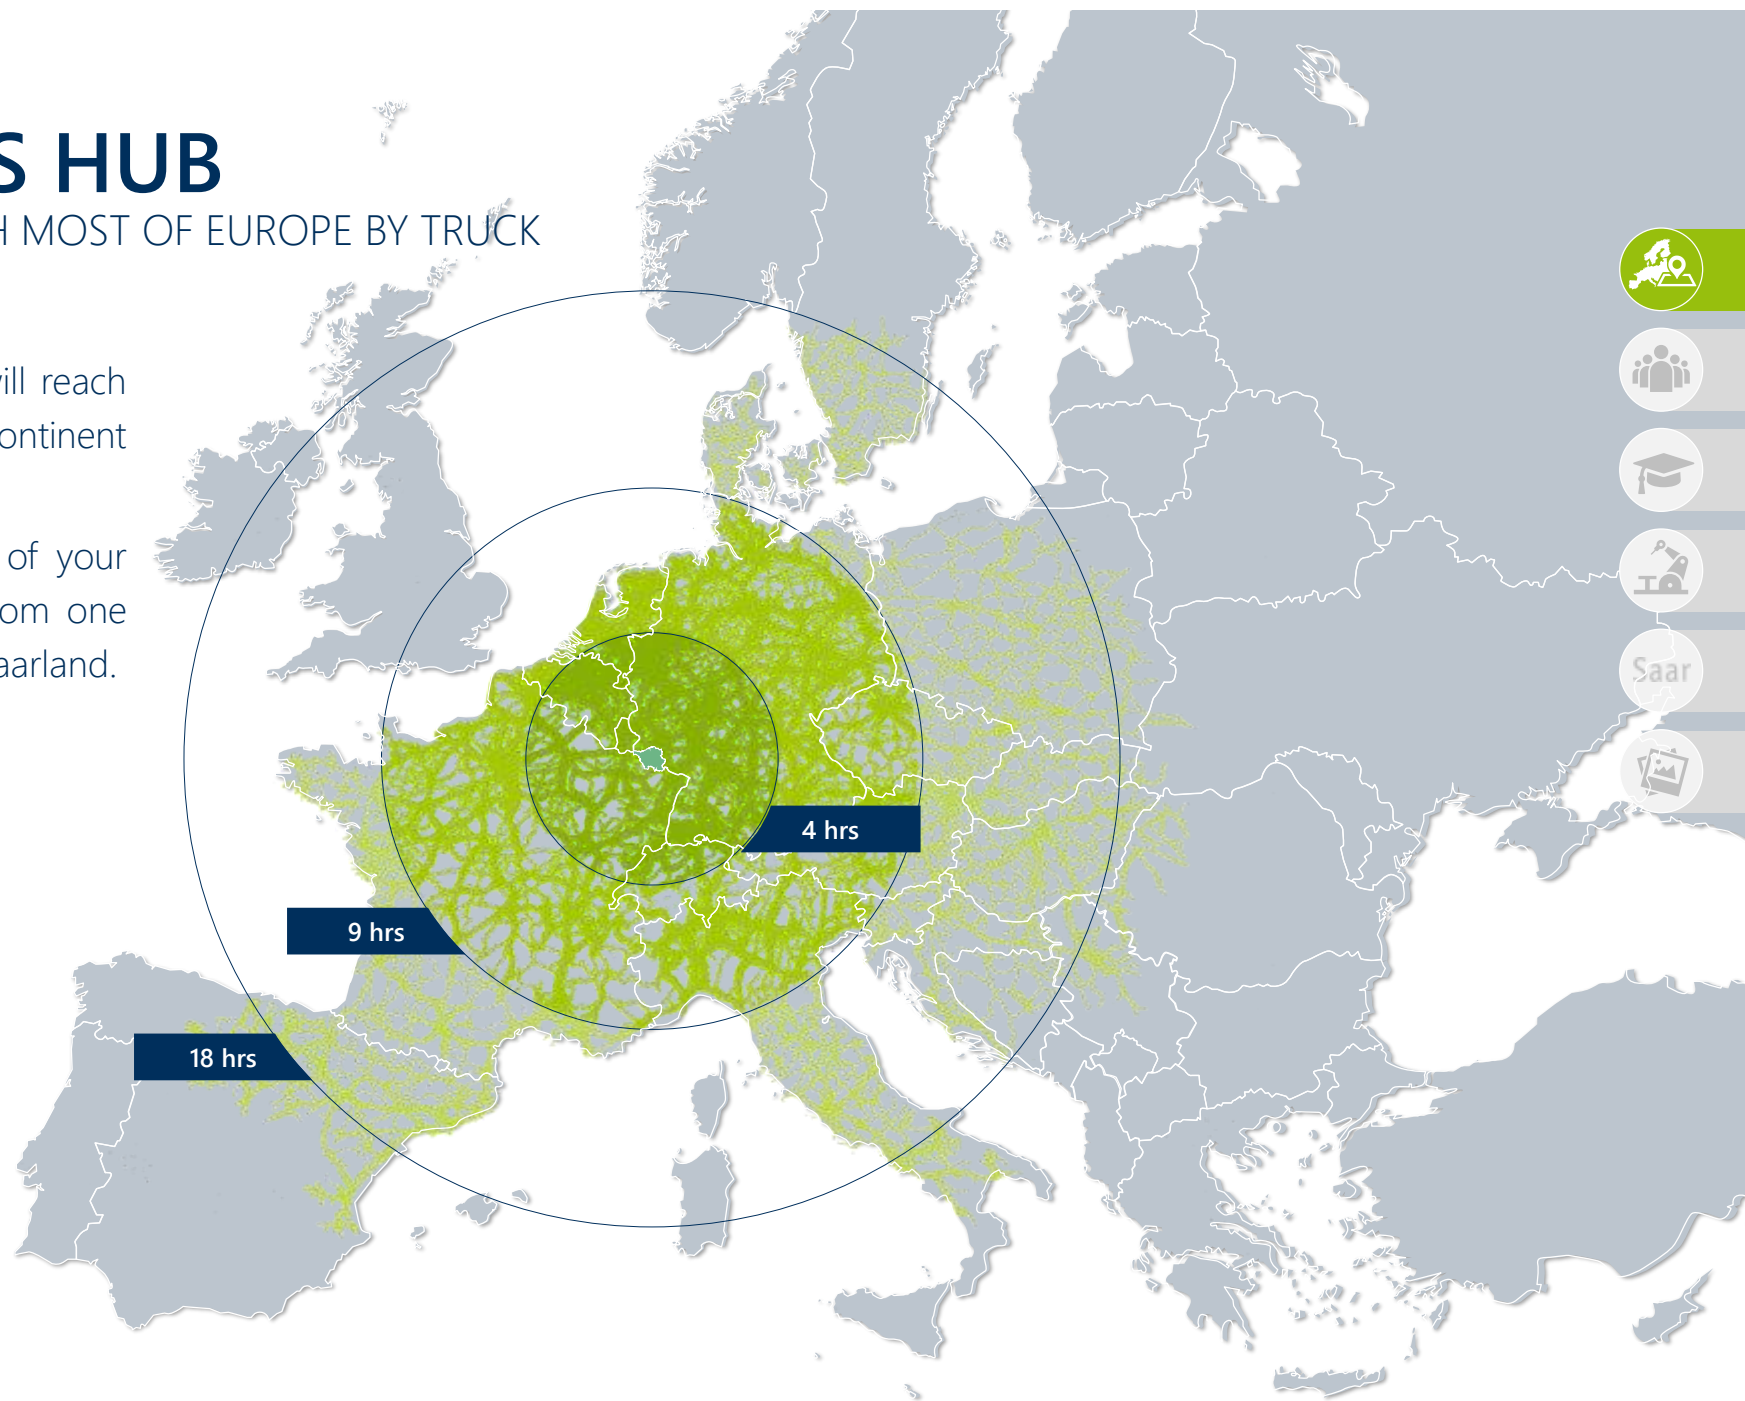

# LOGISTICS HUB

18 HOURS TO REACH MOST OF EUROPE BY TRUCK

By road, your goods will reach most of the European continent in no time.

You can deliver to all of your European customers from one single logistics hub in Saarland.

# A SMALL STATE

## WITH A GRAND HISTORY

In 250 years, Saarland has changed its nationality eight times. We have switched between French and German nationality, and were also an independent nation. This has shaped our people's mentality and made them very accepting of other cultures.

In 1952, Saarland participated in the Olympic Summer Games in Helsinki as a sovereign state represented by 36 athletes.

In 1954, Saarland's national soccer team met the German national soccer team in a qualifying match for the World Cup. The game was hosted in Saarbrücken. We lost by one goal. Germany, however, went on to win the entire tournament.

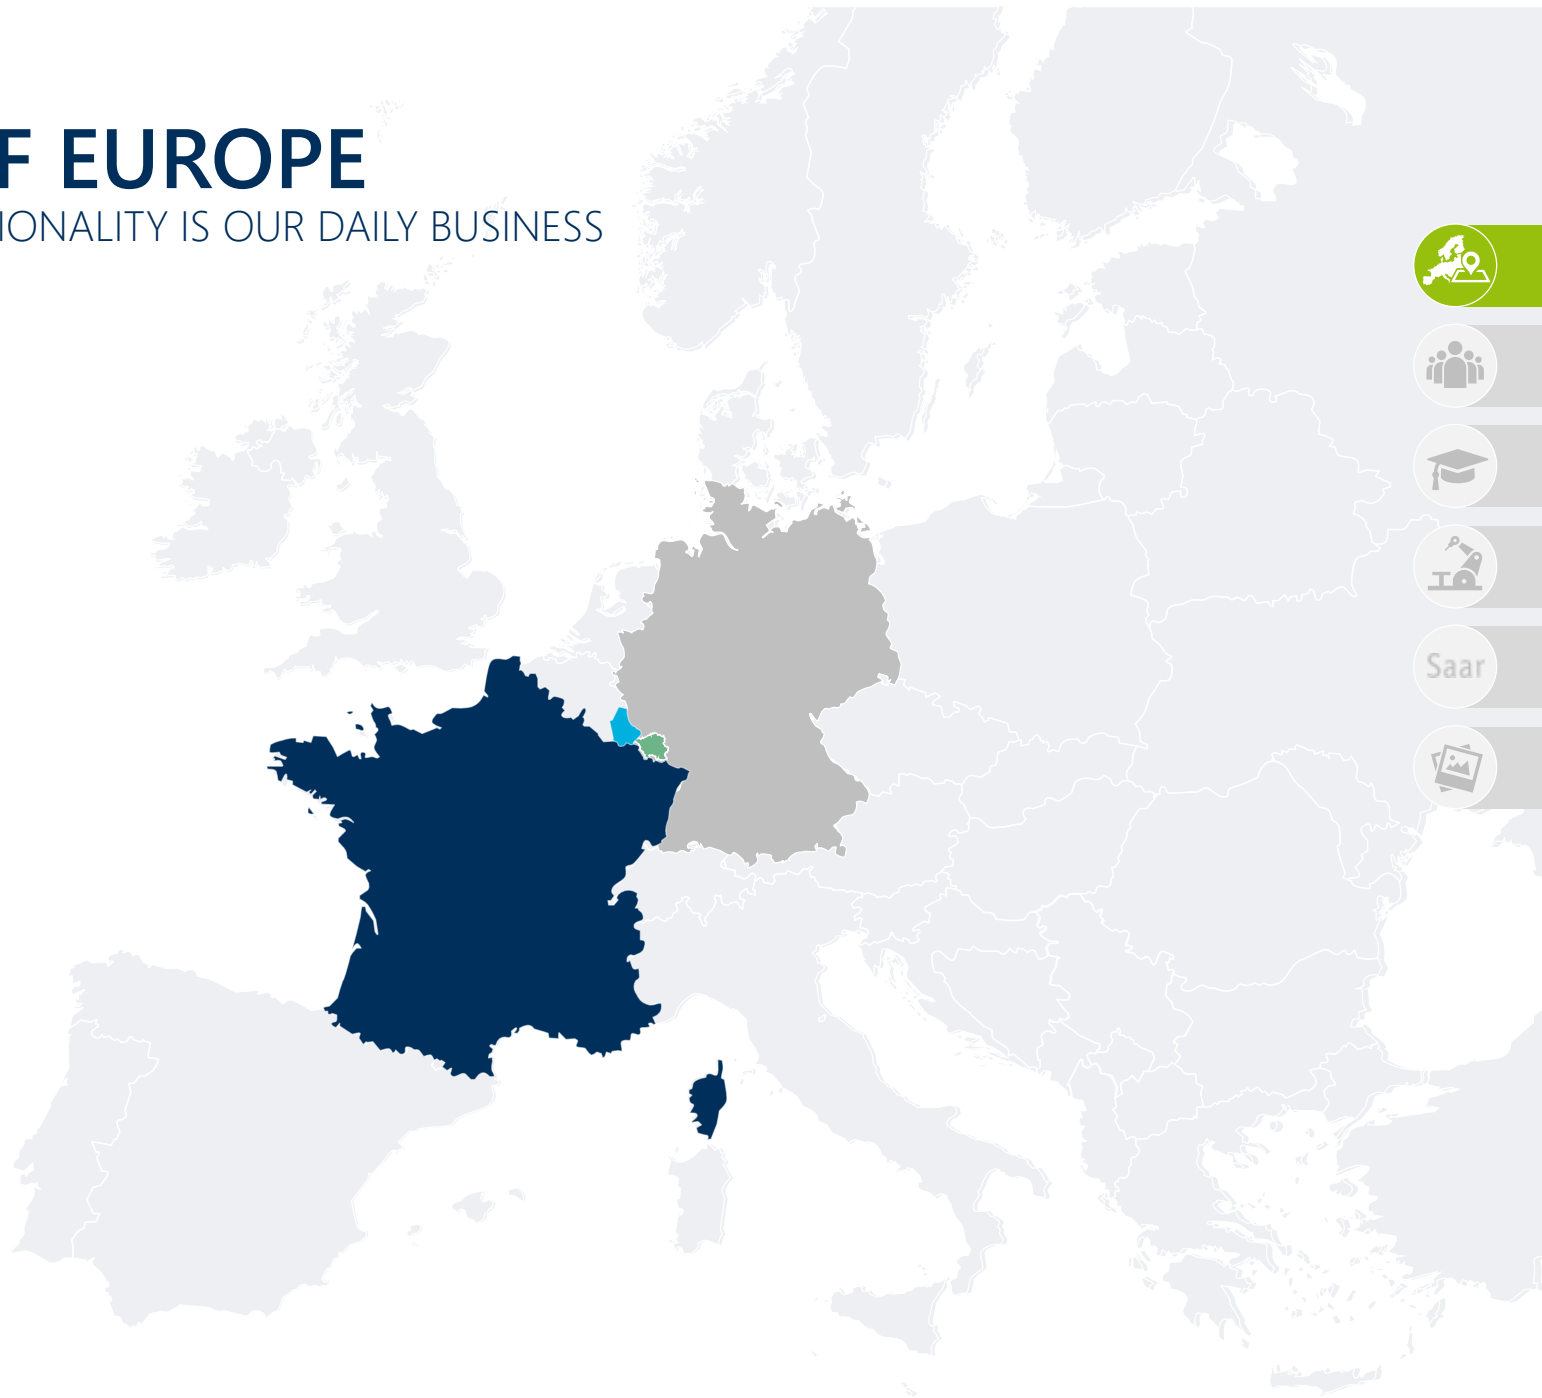

# THE CRADLE OF EUROPE

GOOD NEIGHBORS – INTERNATIONALITY IS OUR DAILY BUSINESS

Saarland is where Germany, France and Luxembourg merge into Europe.

Here, a united Europe has been a long-practiced reality, and borders disappeared a long time ago in the minds of the locals.

QUALIFIED  
**EMPLOYEES**  
FOR YOUR BUSINESS

# PEOPLE

## WHO SECURE YOUR GROWTH

The European labor market has no borders. Companies in Saarland benefit from the open-border policy more than others. The workforce has strong language skills, is often bilingual, and understands the customs of neighboring countries.

# INDUSTRIAL HERITAGE

SHAPES THE WORK ETHIC

## High acceptance of shift work

The work ethic in Saarland is shaped by the tradition of the steel and coal mining industry. This industrial heritage can be felt on the labor market. People are more accepting of shift work than in other locations.

## Highly-qualified employees

The diverse training opportunities at Saarland University, the technical schools and colleges, as well as in the many healthy companies of the region offer high-quality training opportunities and create a skilled work force.

## Strong identification with the company

The low rate of staff fluctuation allows companies to rely on their employees and conveniently plan for the long-term. Whether office or production workers, their high corporate loyalty gives local company's a competitive edge.

# APPLICATION-ORIENTED RESEARCH

IDEAS BECOME PRODUCTS

Companies in Saarland benefit hugely from application-oriented research. Ideas are transformed into marketable products.

Research institutions such as the Center for Mechatronics and Automation Technology (ZeMA) and the Competence Center Power4Production ensure that research results make their way onto the factory floors.

# APPLICATION-ORIENTED RESEARCH

IDEAS BECOME PRODUCTS

**Qbing Industrial Solutions**

## Smart Factory

From the registration to the storage of goods, this RFID technology creates fully-automated process cycles in the production plants.

**Fraunhofer IZFP**

## Nondestructive sensor systems

Robot-based inspection of the mechanical characteristics of steel slugs and other materials.

**SemVox ODP S3**

## AI-based interaction

This voice recognition software turns the new AUDI A8 into a well-connected and interactive assistant.

# APPLICATION-ORIENTED RESEARCH

AND INNOVATIVE COMPANIES

Nanogate is a spin-off of the Leibniz Institute for New Materials, a research center at Saarland University. It has turned into a global market-leading developer and system producer of high-tech surfaces and components.

You have most likely had contact with Saarland's output in the past via the control panels and veneers in cars produced by AUDI, BMW or Mercedes-Benz.

# INDUSTRIAL FUTURE

PIONEER OF INDUSTRY 4.0

The **German Research Center for Artificial Intelligence (DFKI)** in Saarbrücken is considered the birthplace of Industry 4.0.

The **Center for Mechatronics and Automation Technology** pursues application-based research for industry and medium-sized enterprises.

In 2014, **Bosch Rexroth** put the world's first assembly line enhanced with Industry 4.0 into operation at its Saarland-based plant.

Smart research laboratories in Saarbrücken and Shanghai pave the way for additional **Smart Factory Labs.**

# RELOCATION MANAGEMENT

FOR THE SUCCESS OF YOUR PROJECT

## Locational information

Fast, confidential and reliable.

We provide locational information that is tailored to your project and will help you make an informed decision on your company's relocation or expansion.

## Project support

Every step is well planned.

From the locational decision, assistance in approval procedures and setting up kick-off meetings to the final realization of your project, we provide support and assistance every step of the way.

## After-sale services

Your wishes and requirements are our mission.

We can provide support with staff recruitment and public relations as you relocate, as well as identifying partners for your local network.

# OUR PRODUCTS AND SERVICES

FOR YOUR LASTING SUCCESS

## Commercial sites and buildings

The industrial sites which we have developed for clients in recent years would cover 580 soccer fields. Take advantage of this experience – we know what is essential: fully-developed, logistically well-connected sites at attractive rates.

Of course, we set the same high standard when it comes to developing your buildings in accordance with your wishes and requirements.

## Project management and controlling

Compliance with deadlines and budgets is not just a sales strategy to us, it is our daily business. Whether you want a new building, an expansion or a modernization, our engineers and architects will take great care to ensure that your project progresses and remains cost-efficient.

We have experience in projects amounting to a total volume of more than 100 billion euros.

## Planning of building construction and civil engineering

We have brought all of the planning skills which your project needs together under one roof. Our skilled team is just as experienced in planning commercial buildings for all industrial sectors as it is in redesigning town centers and port areas.

Our diverse service portfolio and our experience make us the perfect partner for implementing your projects.

# COWORKING SAAR SPACE

THE SITE FOR YOUR EUROPEAN LAUNCH

## Coworking space with modern infrastructure

- located on the campus of University of Saarland
- in the immediate vicinity of renowned research centers
- single-user workstations and conference rooms
- no long-term contract obligations
- favorable rent terms
- creative and internationally diverse surrounding
- office services and technical support on demand

**4 weeks  
free of charge**

# SUBSIDIES

## AND DEVELOPMENT AREAS

Saarland Fördergebiete 2014 - 2020

### Investment subsidies

**Objective:** Boost the competitive strength and adaptive capability of business and industry, and thus create new long-term jobs, as well as safeguarding existing jobs.

**Subsidizing authority:** Saarland Ministry of Economics, Labor, Energy and Transport

**Volume:** For each newly created job, up to 750,000 euros of investment can be subsidized for relocating companies. Subsidies can amount to 20-30% of the investment sum depending on the specific area. The actual rate of financial support depends on the particular company/project.

**Duration:** An investment period of up to three years.

WHERE WORKING  
**AND LIVING**  
GO HAND IN HAND

# HAUTE CUISINE, CULTURE AND JOY OF LIFE

WELCOME TO SAARLAND

## Saarland meets French cuisine

In Saarland, you can enjoy world-class cuisine. Culinary diversity in the Greater Region of Germany, Luxembourg and France knows no limits.

You can enjoy regional treats such as Lyoner sausage or Dibbelabbes potato hash, as well as French haute cuisine.

## Industrial monument meets art museum

Saarland's Völklinger Hütte, the former ironworks plant, was the first industrial monument to be declared a World Heritage Site by the UNESCO.

We have something for everyone, with activities ranging from the Saar-Spektakel festival and the State Theater to the diverse museum landscape.

## Joy of life meets hospitality

In Saarland, French *savoir vivre* and local hospitality combine to create a unique atmosphere that make the state not just livable but also lovable.

Whether you are from out of town or born and raised here, you will find it easy to enjoy the atmosphere and the local mentality.
